

# WAI KEEN VONG

Office Room B-21, Smith Hall  
Department of Mathematics and Computer Science  
Rutgers University – Newark  
Newark, NJ, 07102

E-mail waikeenvong@gmail.com

## EMPLOYMENT

Dec 2016 - Rutgers University – Newark  
*Postdoctoral Researcher - Cognitive and Data Science Lab*  
Supervisor: Dr. Patrick Shafto

## EDUCATION

2013 - 2017 University of Adelaide  
*Ph.D. in Psychology*  
Supervisors: Dr. Daniel Navarro and Dr. Amy Perfors

2008 - 2012 University of Adelaide  
*Bachelor of Psychology (First Class Honours)*  
GPA: 6.5/7.0  
Supervisors: Dr. Daniel Navarro and Dr. Amy Perfors  
Thesis title: Category learning in a dynamic environment

2009 - 2011 University of Adelaide  
*Bachelor of Mathematical and Computer Sciences*  
GPA: 6.4/7.0  
Majors: Pure Mathematics and Computer Science

## OTHER EDUCATION

July 2016 *Summer School in Probabilistic Programming and Machine Learning*, Portland, USA  
February 2016 *Bayesian Estimation of Evidence Accumulation Models Workshop*, Tasmania, Australia  
August 2013 *Bayesian Modeling for Cognitive Science Workshop*, University of Amsterdam, Netherlands

## HONOURS AND AWARDS

2016 *Marr Prize*, Cognitive Science Society  
Awarded to the best student paper at the Cognitive Science conference

2016 *Robert J. Glushko and Pamela Samuelson Foundation Student Travel Grant*, Cognitive Science Society  
Awarded for one of the top 20 student papers submitted to the Cognitive Science conference

- 2014/2016 *Higher Degree Research Assistance Scheme*, School of Psychology, University of Adelaide  
Awarded funding to present research at an international conference
- 2013 - 2016 *Australian Postgraduate Award*, University of Adelaide  
Scholarship funding for three years to conduct postgraduate research
- 2010 *Dean's Certificate of Merit*, University of Adelaide  
Awarded for academic excellence
- 2009/2010 *Summer Research Scholarship*, University of Adelaide  
Awarded over two summers to conduct research in the *Computational Cognitive Science Lab*

## INVITED TALKS

- August 2016 *Computation and Language Lab*, University of Rochester.
- August 2016 *Computational Cognitive Neuroscience Lab*, Harvard University.
- August 2016 *Computation and Cognition Lab*, New York University.
- August 2016 *Cognitive and Data Science Lab*, Rutgers University - Newark.

## TEACHING EXPERIENCE

- 2016 Tutor - Doing Research in Psychology (second year psychology course in introductory statistics). Responsibilities included running fortnightly tutorials teaching R and statistics to psychology undergraduates and marking problem sets.  
*School of Psychology, University of Adelaide*
- 2014 Tutor - Computational Cognitive Science (third year course in computer science). Responsibilities included planning and running weekly tutorials teaching computational modeling in cognitive science, and marking problem sets.  
*School of Computer Science, University of Adelaide*

## RESEARCH EXPERIENCE

- 2013 - 2014 Research Assistant - Worked with John Dunn to develop software in R for performing state trace analysis  
*School of Psychology, University of Adelaide*
- 2011 - 2012 Research Assistant - Developed software in C++ to help annotate and label images.  
*The Australian Centre for Visual Technologies, University of Adelaide*
- 2009 - 2012 Research Assistant - Helped schedule and run experiments on multiple projects studying language learning and category learning  
*Computational Cognitive Science Lab, University of Adelaide*

## PUBLICATIONS

1. Yang, S.C-H., Yu, Y., Givchi, A., Wang, P., Vong, W.K., & Shafto, P. (2017). Optimal Cooperative Inference. *arXiv:1705.08971*.

2. Vong, W. K., Hendrickson, A. T., Perfors, A. F. & Navarro, D. J. (2016). Do additional features help or harm during category learning? An exploration of the curse of dimensionality in human learners. In A Papafragou, D Grodner, D Mirman and JC Trueswell (Ed.) *Proceedings of the 38th Annual Conference of the Cognitive Science Society* (pp. 2471-2476) **Marr Prize for Best Student Paper.**
3. Vong, W. K., Navarro, D.J. & Perfors, A. F. (2016). The helpfulness of category labels in semi-supervised learning depends on category structure, *Psychonomic Bulletin & Review*, 23, 230-238.
4. Vong, W. K., Perfors, A. F. & Navarro, D. J. (2014). The relevance of labels in semi-supervised learning depends on category structure. In P Bellow, M Guarani, M McShane and B Scassellati (Ed.) *Proceedings of the 36th Annual Conference of the Cognitive Science Society* (pp. 1718-1723)
5. Navarro, D. J., Perfors, A. F. & Vong, W. K. (2013). Learning time-varying categories. *Memory & Cognition*, 41, 917-927.
6. Vong, W. K., Hendrickson, A. T., Perfors, A. F. & Navarro, D. J. (2013). The role of sampling assumptions in generalization with multiple categories. In M Knauff, M Pauen, N Sebanz and I Wachsmuth (Ed.) *Proceedings of the 35th Annual Conference of the Cognitive Science Society* (pp. 3699-3704)

## CONFERENCE PRESENTATIONS

1. Vong, W. K., Hendrickson, A. T., Perfors, A. F. & Navarro, D. J. (2016). Do additional features help or harm during category learning? An exploration of the curse of dimensionality in human learners.
  - Presented as a talk at the *38th Annual Conference of the Cognitive Science Society* in Philadelphia, USA.
2. Vong, W. K., Hendrickson, A. T., Perfors, A. F. & Navarro, D. J. (2016). Learning conceptual structure: How category labels affect learning and generalization in hierarchical and cross-cutting categories
  - Presented as a talk at the *Experimental Psychology Conference* in Melbourne, Australia.
3. Vong, W. K., Hendrickson, A. T., Perfors, A. F. & Navarro, D. J. (2016). Overcoming the curse of dimensionality: How category structure affects the learning of complex categories.
  - Presented as a talk at the *Australian Mathematical Psychology Conference* in Hobart, Australia.
4. Vong, W. K., Hendrickson, A. T., Perfors, A. F. & Navarro, D. J. (2015). When more doesn't help: Learning categories with many features.
  - Presented as a talk at the *Experimental Psychology Conference* in Sydney, Australia.
5. Vong, W. K., Perfors, A. F. & Navarro, D. J. (2014). The relevance of labels in semi-supervised learning depends on category structure.
  - Presented as a talk at the *36th Annual Conference of the Cognitive Science Society* in Quebec City, Canada.
  - Presented as a talk at the *Experimental Psychology Conference* in Brisbane, Australia.
  - Presented as a talk at the *Australian Mathematical Psychology Conference* in Canberra, Australia.

6. Vong, W. K., Hendrickson, A. T., Perfors, A. F. & Navarro, D. J. (2013). The role of sampling assumptions in generalization with multiple categories.
  - Presented as a poster at the *35th Annual Conference of the Cognitive Science Society* in Berlin, Germany.
  - Presented as a talk at the *Experimental Psychology Conference* in Adelaide, Australia.
  - Presented as a talk at the *Australian Mathematical Psychology Conference* in Sydney, Australia.

## **SKILLS**

*Programming* R, Javascript, Python, MATLAB, Scheme, HTML/CSS  
*Software*  $\LaTeX$ , Emacs, git, SPSS, Bash

## **PROFESSIONAL ASSOCIATIONS**

Member of the Cognitive Science Society

Ad-hoc reviewer for: Cognitive Science Conference, American Journal of Psychology
